

Little Lambs Preschool

February 2009

A Ministry of First Lutheran Church

Dear Parents:

Love is in the air! Valentine's Day is fast approaching. It's only appropriate that our theme for the beginning of the month will be Love. The end of the month will be Food and Nutrition. Our letters are Gg, Hh and Mm. We also will be reviewing Ww, Dd and N. Our color is Red. Our Bible stories are "Samuel Learns about God", "The Good Samaritan", "Jesus Feeds 5000" and "God Gives Manna to Eat".

Please remember that our policy for inclement weather is to follow Calvert County if they are closed, open on time if they have a delay (unless we call), and review on a case by case basis if early dismissal is required. We make every effort to stick to our policy but sometimes we need to do what is best for our school and that may be different than the entire public school system.

Registration for fall 2009 will be later in the month for currently enrolled families. Community registration will be in early March. The preschool board is currently reviewing class structure and tuition rates. As soon as a decision is made you will receive a letter with all the details.

Stay warm,

Angie Hohl

Program Director

Valentine's Day Party

Sign up sheets for the parties are located outside of the classrooms. Children are asked to bring their valentines to school the day of their party. Please have your child's name on the "from" part for each valentine. Leave the "to" part blank. Please send in enough valentines for each child in the class, including your child. Children of this age may not understand why they don't get a valentine, even if it is from them.

First Lutheran Church Worship Times:

Sundays 8am, and 10:45 am

Sunday School All Ages 9:25 am

Wednesdays 7pm

All Welcome

Surely goodness and love will follow me all the days of my life and I dwell in the house of the Lord forever. Psalm 23:6

Vision Screening

The Lions Club of Calvert County will be offering Vision Screening to our 3 year old and Pre-K classes. They ask for a \$5.00 contribution but do not want that to hinder anyone from having their child screened. The 3 day Pre-K

and the M/T/Th 3s are scheduled for Thursday, February 5th. The 4 day Pre-K and the M/W/F 3s are scheduled for Wednesday, February 25th. All children must have a permission slip turned in before screening.

Mark Your Calendar:

Thursday, February 5th: Red Day M/Tu/Th 3s, 3 Day Pre-K

Friday, February 6th: Red Day 2s, MWF 3s, 4 Day Pre-K

Wednesday, February 11th: Valentine's Day Party 2s, MWF 3s

Thursday, February 12th: Valentine's Day Party M/Tu/Th 3s, ALL Pre-K

Friday, February 13th : LLPS Closed

Monday, February 16th : LLPS Closed President's

Thursday, February 26th: Closed Educator's Conference

What's New With The 2's?

February starts off with the 2s learning about love. We will be talking about those who love us, those we love and the love of Jesus. Our art projects will be decorating our bags for our Valentines, making special cards and surprises for those we love. The rest of the month we will be talking about Food and Nutrition. We will all help make some special healthy treats for snack. We will be practicing our counting skills and name recognition during our

circle routines. Hopefully we can continue to practice putting on our coats to go out to the playground as well!

Angie, Lorraine and Nancy

4 Day Pre-K

Our themes this month are Food, Love and Nutrition. The children will begin to write their full first names starting this month, and begin with our last names next month. We have been practicing counting objects up to 20 by using marbles and number flash cards. In science, we will discuss how the earth gets ready for spring. We are looking forward to the Valentine's Day party and, of course, Red day.

Cathy and Judy

Information for the 3's Please:

February is a month filled with love * for our families, our friends, and most of all for Jesus. We will be talking about love and making several crafts in preparation for Valentine's Day. Be on the lookout for information about our Valentine's party and the card exchange. After we have finished all of our candy from Valentine's, we will switch

gears to healthy eating. We will discuss ways to "eat a rainbow". Please start saving food circulars from the newspaper for art projects we will be completing. Remember we do go outside as weather permits so dress accordingly. We have really improved on getting ready to go outside by ourselves. Keep working on this skill at home.

importantly, our Lord and how God loves us. On the 12th will have our Valentine's Day Party! Please sign up on the volunteer sheet to the right of the classroom. The second part of the month will find us talking about food and nutrition. We will discuss healthy eating and taking care of ourselves.

Happy Valentine's Day!

Kathy Sue and Jeri

3 Day Pre-K

February started off with learning about the groundhog and soon after we will begin our unit on love. We will talk about the different ways we love our parents, siblings, friends, pets, but most
